## FCC WARNINGS

**WARNING:** Changes or modifications to this unit not expressly approved in this manual could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

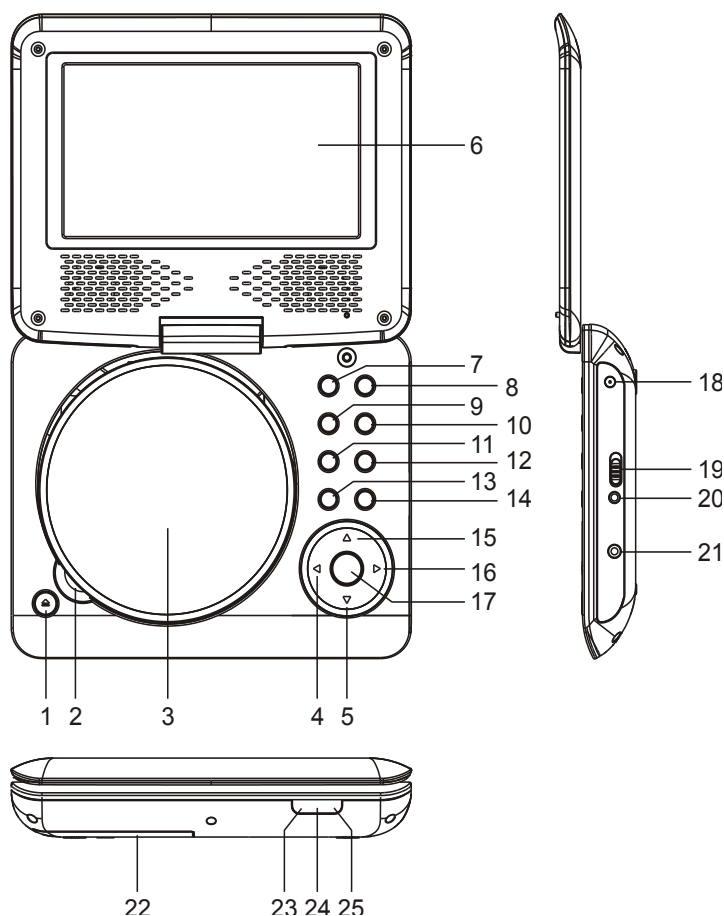

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## IMPORTANT SAFETY INSTRUCTIONS

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and/or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the POWER cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments/accessories specified by the manufacturer.
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as POWER-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

23. VOLUME+ button

## BASIC CONNECTION

- Ensure that this player and other equipment to be connected are set to OFF mode and disconnect the AC/DC adapter before commencing connection.
- Do not block ventilation holes of any of the equipment and make sure that air can circulate freely.
- Read carefully and follow the instructions before connecting other equipment.
- Ensure that you observe the color-coding when connecting audio, video cables. If the RCA adapter is supplied only, the audio/video RCA cable is required. Plug one end of the RCA adapter to the unit. Then connect the audio/video RCA cable to the RCA adapter and the television.

After connection is firm and securely done, plug AC ADAPTER to an applicable wall outlet and turn on the player.

### Note:

- During DVD play, the TV volume may be at a lower level than during TV broadcasts, etc. If this is the case, adjust the volume to the desired level.
- If the DVD/CD player is connected to the TV through a VCR, the picture may not be played back normally with some DVDs. If this is the case, do not connect the player via the VCR.

## CHARGE THE BUILT-IN BATTERY

The player is with a rechargeable lithium battery. Before using the battery, please make sure it is charged. If not, charge it first. Slide the power switch to the OFF position and then connect one end of the supplied adapter to the wall outlet and the other end to the unit for charging the built-in battery.

### Note:

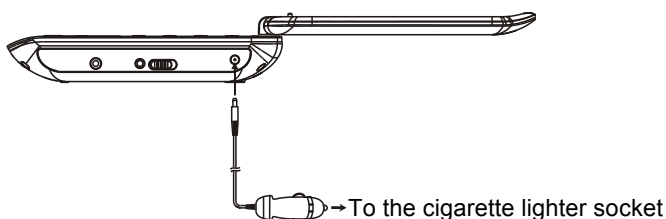

1. The battery can only be charged when the power switch is in the OFF position.
2. If the unit is not in use for a prolonged period of time, it is recommended to charge the built-in battery every three months.

## CONNECTING TO A CAR ADAPTOR

The car power adaptor is designed for use with vehicles that have a 12V, negative ground electrical system.

### WARNING:

Disconnect the car power adaptor when not in use. Not for use in 24V vehicles.

## CAUTIONS:

- Use the unit only with the included car power adaptor; use with other car power adaptor might damage the unit.
- The included car power adaptor is for use with this unit only. Do not use it with other equipment.
- In the interests of road traffic safety, do not operate the unit or view video software while driving a vehicle.
- Make sure the unit is fastened securely to prevent from moving outside of the vehicle in an accident
- When the inside of the cigarette lighter socket is dirty with ashes or dust, the plug section may become hot due to poor contact. Be sure to clean the cigarette lighter socket before use.
- After use, disconnect the car power adaptor from both the unit and cigarette lighter socket.

## FUSE REPLACEMENT

NOTE: Don't throw out the positive (+) cap when replace the fuse.

## OPERATIONS

### PREPARATION

Power on the TV set and select video input mode.  
Power on the audio system the player is connected to.

### GET STARTED

1. Slide the **POWER ON/OFF** switch on the unit to the **ON** position.
2. Press the disc cover **Open** button on the unit to open the disc tray.
3. Place a disc onto the disc tray.
4. Close the disc tray and the playback starts automatically.
5. When a menu screen appears on the TV, press the navigation buttons to select a preferred track number, then press the **OK** button to start playback.

### ADJUST THE VOLUME

Press the **VOLUME+/-** button on the remote to increase or decrease the volume. You can also press the **VOLUME+** or **VOLUME-** buttons on the unit to adjust volume to your preferred setting.

### MUTE

To stop sound output, press the **MUTE** button on the remote. Press it again to resume sound output.

### SKIP AHEAD OR BACK

Press the **PREV** button during play to skip previous chapter (DVD) or a track (CD), Press the **NEXT** button during play to skip next chapter (DVD) or a track (CD).

### BRIGHTNESS AND COLOR ADJUSTMENT

During playback, press the **SCREEN ON/OFF** button on the remote to turn on/off the screen.

### FAST FORWARD/REVERSE REVIEW

During playback, press and hold the **F.FWD** button or **F.REV** button to scan the disc forward or backward at X2, X4, X8, and X20 normal speed.  
Press the **PLAY/PAUSE** button to resume normal play.

## STOP PLAYBACK

Press the **STOP** button during playback to stop playback; the player activates its resume function when the **STOP** button is pressed; press **PLAY/PAUSE** button again, playback resumes at the point it stopped previously; open the disc tray or press the **STOP** button one more time to clear the resume function.

## SLOW-MOTION PLAY (DVD)

Press and hold the **SLOW** button on the remote during playback, the disc will be played at 1/2 normal speed at first, each time this button is pressed, the play speed becomes slower (down to 1/7 normal speed.)

Press the **PLAY/PAUSE** button to resume normal speed.

## REPEAT PLAY

Press the **REPEAT** button on the remote during play, it will repeat play one chapter/title or repeat all (for DVD disc), or repeat play a track or all tracks (for CD), or repeat the sections between two specific points (A-B).

## SEARCH FOR A PREFERRED SCENE

1. Press the **SEARCH** button on the remote during play and highlight the item to be played (Title, Chapter, or Chapter time) by the navigation buttons.
2. Input the desired number or time via the numeric buttons.
3. Press the **OK** button to confirm and the playback from the located scene starts.
4. To exit search menu, press the **SEARCH** button directly.

## PROGRAM PLAY

1. Press the **PROGRAM** button on the remote during playback to display the program menu.
2. Select location(s) to be memorized via navigation buttons and then enter desired Titles/Chapters numbers via numeric buttons.  
Example: Track 3, press "3"  
Track 12, press "1" and then "2"  
Track 21, press "2" and then "1"
3. To start programmed playback, select **PLAY** on the menu and press the **OK** button to confirm; pressing **PROGRAM** button again to exit programming.
4. To change programmed items, scroll the navigation buttons to the item to be changed and enter the desired track number until the track number shows on the screen, the selected item will be changed. To clear all items, select the <CLEAR> on the menu, and then press the **OK** button on remote control.
5. You can also cancel program mode by clearing all the items in the program menu.

## ZOOM PLAY (on ZOOM enabled DVDs only)

Press the **ZOOM** button on the remote continuously to zoom in the picture by 2, 3, and 4 times, zoom out by 1/2, 1/3, 1/4 normal size.

Press this button once more when the picture is at 1/4 size to return to the normal size display.

Scroll to view the enlarged picture using the navigation buttons.

## ON SCREEN DISPLAY INFORMATION

When the player is in operation, press the **DISPLAY** button continuously, the screen will display parts of information (current disc type, title number, chapter number, playtime,

audio language, audio type, subtitle language and multi angle, etc) in a sequence.

## CHANGING AUDIO SOUNDTRACK LANGUAGE (DVD DISC)

It is possible to change the audio soundtrack language to a different language from the one selected at the initial settings (This operation works only with discs on which multiple audio soundtrack languages are recorded).

Press the **AUDIO** button on the remote during DVD disc play; the sound track will be changed with a selected sound track showing on the screen.

NOTE: When no additional soundtrack languages are recorded, pressing this button will not work.

## MULTI-ANGLE VIEWING (DVD ONLY)

Press and hold the **ANGLE** button on the remote to select your desired angle to view the scene.

Note: This function only works with multi-angle enabled DVDs.

## CHANGING SUBTITLE LANGUAGE (DVD ONLY)

Press the **SUBTITLE** button on the remote several times during DVD playback, the subtitle language will be changed with the selected subtitle language showing on the screen; When the desired language appears, release the button to view the subtitle in that language.

Note: this function only works on the DVDs recorded with multi-language subtitles.

## RETURN TO MAIN MENU AND PLAY THE TITLE (DVD)

During playback, press the **MENU** button on the remote to return to main menu and press the **TITLE** button on the remote to play the title.

## PICTURE CD / JPEG CD PLAYBACK

Load a picture CD/JPEG CD disc onto the disc tray. A media menu shows on the screen, select the picture option with the navigation left/right buttons and press the **OK** Button to confirm.

A slide show of Picture CD begins automatically.

Folders of JPEG picture CD are displayed on the TV screen; use the navigation buttons on the remote to select the desired folder and then press the **OK** button to confirm.

The files in this folder are displayed and you can select your pictures using the up/down navigation buttons on the remote. Press the **OK** button to start playback.

Preview and the corresponding information (resolution, size, date) of the picture will be displayed while you scroll across the file names.

## PICTURE CD / JPEG CD OPERATIONS

### 1. PLAY MODES

Press the **REPEAT** button on the remote to change play mode.

During playback, press the **STOP** button to show the list of folders/files on the disc.

### 2. SKIP TO NEXT/PREVIOUS PICTURE

Press the **NEXT** button to skip to the next picture or the **PREV** button to the previous picture.

### 3. PICTURE ROTATIONS

Press navigation **RIGHT** and **LEFT** buttons to rotate the picture clockwise and anti-clockwise respectively.

### 4. PICTURE FLIP AND TURN

Press the navigation **UP** button to flip the picture vertically.

Press the navigation **DOWN** button to flip the picture horizontally.

#### 5. PICTURE ZOOM IN/OUT

Press the **ZOOM** button on the remote continuously, the picture zooms in by 2, 3, 4 times or zooms out by 1/2, 1/3, 1/4 the original size.

Press the **ZOOM** button once more when the picture gets to 1/4 size to return to the normal play.

If the picture is enlarged, you may use the navigation buttons to view blocked parts of the picture.

#### 6. SLIDE SHOW TRANSITION MODES

During slide show playback, press the **PROGRAM** button on the remote to select a slide show transition effect.

## INITIAL SETTINGS

The Initial Settings page is for you to make your preferred settings up for your player. Once the initial settings are done they are retained in the CPU of the player until otherwise modified.

#### COMMON PROCEDURES FOR INITIAL SETTINGS

1. Press the **SETUP** button on the unit.
2. Use the navigation buttons to select the item you want to modify, setting page with further setting items displayed shows on the TV screen. Again use navigation buttons to make changes. Press the **OK** button to confirm modifications.

## **LIMITED 90-DAY WARRANTY**

We warrant this product to be free from defects in material and workmanship under normal use for a ninety-day period from the original date of purchase from an authorized ATAK dealer.

Should you be missing any of the included accessories or other components (screws, pieces, etc.), please contact the Customer Support Center to secure a replacement. It is not necessary to bring the unit back to the store. When calling, please reference the parts list found in the Instruction Manual to help us accurately identify the missing parts and promptly provide replacements.

We will replace the unit free of charge should it become defective under this warranty, providing you, the original purchaser, have your original dated sales receipt.

To obtain warranty service or replacement within the ninety-day warranty period, please return the product with all parts and accessories along with your original dated store receipt to the original place of purchase and the unit will be exchanged at no charge. It is not necessary to contact the manufacturer for warranty replacement.

Our Customer Support Center is available Monday - Saturday (10:00AM to 7:00PM EST) for technical assistance or troubleshooting. To contact us, please call 1-855-994-2825.

This warranty applies only under conditions of normal use. Our products are not intended for outdoor use.

There are no consumer serviceable parts contained in this product and any attempt by the owner to service or repair the unit will immediately void all warranty coverage.

This warranty does not cover any product which has been subject to damage due to an act of nature, misuse, neglect, accident, abuse, commercial use, or modification of, or to, any part of the product, including the antenna. Damage to any external media such as DVD & CD discs, and/or USB or other memory devices are not covered nor is the cost incurred in shipping the unit for warranty repair or exchange. Under no circumstances shall ATAK be liable for any loss (direct, indirect, incidental, foreseen, unforeseen, special or consequential) or for any damage arising out of, or in connection with, the use of this product.

**UNDER NO CIRCUMSTANCES WILL ATAK BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.**

This warranty does not cover re-manufactured, refurbished, or repaired units, or any products sold 'As Is'.

This warranty is valid only to the original purchaser of the Product in the United States and Canada and grants specific legal rights.
